The Australian Centre for Montessori Studies (ACMS) is a national organisation committed to providing quality training to the Montessori teaching community, and to those interested in becoming qualified in the Montessori method.

Montessori education is growing in Australia, particularly in the early childhood sector. Parent demand for quality and choice is becoming more discerning, resulting in an increased number and capacity of Montessori schools and centres. As a result, there is a high demand for trained Montessori educators.

There are basically two components to teaching qualifications within Montessori, one being what is mandated by the government and the other being the Montessori pedagogical training required by a Montessori school/centre.

One of the aims of the National Quality Framework is to improve and nationalise early childhood qualifications and educator to child ratios. As a result, educators working with children from birth to preschool age will require at least an approved Certificate III level education and care qualification, with higher qualifications required for half the staff.

In a Montessori setting, this means that all Montessori assistants will require a Certificate III in Early Childhood Education and Care. Teachers will require at least a Diploma of Early Childhood Education and Care, with some requiring teaching degrees, depending on the setting.

In addition to these qualifications, Montessori training is provided at the assistant and teacher level. ACMS is the only training centre in Australia authorised to deliver Association Montessori Internationale (AMI) training courses. AMI is the recognised international authority on Montessori education and directs studies in affiliated teacher-training institutions around the world.

ACMS provides the AMI Montessori Certificate course for Montessori assistants and the AMI Montessori Diploma course for Montessori teachers. There are three separate courses for the Montessori Diploma aligned to the age group of the child – the Assistants to Infancy 0-3 course, the Early Childhood 3-6 course and the Primary 6-12 course.

Prospective educators are encouraged to visit the Australian Children's Education & Care Quality Authority (ACECQA) and the relevant state teachers institution websites for further information about qualifications and teacher registration.
